

## **Wellsfield Farm Park**

### **The Meaning of the Wellsfield Farm Park Logo**

Wellsfield Farm Park's logo contains many symbols and meanings. It was designed by Tony Harris of Wellsfield Farm before Wellsfield Farm Park opened on 27<sup>th</sup> July 2013.

#### **The Rainbow**

The rainbow symbolises Peace. It reminds us of the biblical story about Noah's Ark and God's Covenant and the rainbow of peace. Wellsfield Farm Park is a place of peace and sanctuary for families.

The rainbow also symbolises the autistic spectrum. Wellsfield Farm welcomes people of all ages and backgrounds. We have a policy of openness and accessibility to all, including families of children with special needs.

The children under the rainbow are all safe and happy and having fun playing in the park under the security and protection of the arch of the rainbow. Wellsfield Farm takes child protection and health and safety very seriously.

#### **The 8 Children**

The 8 children of different colours indicates Wellsfield Farm welcomes All Children, regardless of age, background, disability, gender, racial heritage, religious belief, political belief, sexual orientation or identity.

8 is also the symbol of Infinity - Our children are the future.

### **The Oak Tree**

The Oak Tree represents the 600 year old Oak Tree that is located next to and overlooks Wellsfield Farm Park. It is the oldest tree at Wellsfield Farm and has endured many storms.

The Oak Tree symbolises Wisdom, Strength and Beauty. It overlooks the children and symbolises protection. It is old, and has memory, and it is our aim to give many families fond memories at Wellsfield Farm. It is supportive, the tree supports a young girl on a swing. Its deep roots which cannot be seen represent the Inner Beliefs of every child.

### **The Blue Sky**

The blue sky shows the clouds are clearing, the rain of the flood (bad times) has gone away, and the sun is shining. Happy and pleasant days are ahead. There is hope for the future. We hope children become successful learners, confident individuals, responsible citizens and effective contributors.

### **The 15 Clouds**

The 15 clouds represent the 15 years of childhood.

### **The Green Grass**

The green grass is level and represents that we treat everyone on the level, equally and with respect.

The lush green grass also represents nature, growth and fertility, and our environment and the wildlife that lives at Wellsfield Farm for which we care for very much. The clean pure green grass is also a nice soft surface to children to play on.

### **The Seven Colours**

The seven colours of the rainbow, and the seven colours used in the logo represent the Seven Heavenly Virtues, which are: Charity, Kindness, Humility, Patience, Temperance, Diligence and Chastity. Wellsfield Farm believes in integrity and goodness.

### **The Foundation**

The park name at the bottom is the foundation for all of the above.

All is well in the field.
